2,005

Acres of US forest in one year

DECARBONIZATION

PROJECT OVERVIEW

Following Veregy's completion of an Investment Grade Audit, the Sedona-Oak Creek Unified School District partnered with Veregy through a Guaranteed Energy Savings Performance Contract. Since 2014, Veregy has worked with the Sedona-Oak Creek School District on making improvements to their school and administrative buildings. Updating mechanical equipment, lighting upgrades, and domestic water modernization allowed the district to cut their energy costs significantly. The 12 sites each had updates, mainly in restroom renovations, as well as lighting improvements. Operational efficiencies were implemented based off of real time energy data and system operational analysis. Water conservation and water infrastructure upgrades were introduced. Because of the attention to detail and well-run job, Veregy continues to work with this District on maintaining and servicing the upgraded and modernized equipment.

PROJECT HIGHLIGHTS

- Lighting Upgrades
- Mechanical Upgrades
- Operational Efficiencies
- Restroom Renovations
- Domestic Water Modernization
