PROJECT OVERVIEW

Veregy has worked closely with the Frisco Independent School District to upgrade the mechanical systems of multiple campuses for the district throughout the years. The primary objective of our projects was to enhance system efficiency, reduce maintenance costs, and improve overall HVAC performance in the designated facilities.

PROJECT HIGHLIGHTS

- ▶ Multiple campus retrofits from boiler/chiller to geothermal
- ▶ Including all electrical work upgrades
- ▶ New controls system
- ▶ Coordination & implementation of all mechanical scopes including HVAC, plumbing, electrical, & controls
- ▶ 8-week start to finish
- ▶ Replace existing boilers & chillers including steel piping on some campuses
- ▶ Hoisting of equipment
- ▶ Haul-off of demolished equipment and materials
- ▶ Submittals, O & M Manuals
- ▶ Owner training of new equipment
